Three years ago I [REDACTED] ~~big~~
Mar 3, 1993 SUNSHINE PERIOD
Bear and found out I had to pay for
FEDERAL COMMUNICATIONS COMMISSION
T.V. OFFICE OF THE SECRETARY wanted was "basic" cable.
At that time the price was almost \$19, then it went up to almost \$21 next
time it went up to about \$25, now
it is \$27.18.

at one point two stations, 10 and 21 were added without my asking for them. I called Falcon and told them I did not want those stations, they are sport stations, and I would not watch them. I got them any way. Does this mean every time Falcon expands "basic" coverage, I have to accept it and pay more for what I don't ask for or want.

I also understand that in 1981 Falcon received a large refund. What for and where did it go?

We are at their mercy here on Beg Bear Lake. Can't anything be done?
